

Wyre Community Land Trust Installed an Interpretation Board too

Highlighting the Twinning relationship between Kidderminster and Husum.
And perhaps explaining ONE of the reasons why the focal point of the project is
– **A BOAT!**

HUSUM pictured right, is a small town by the sea and the Kidderminster area has so many links to water and boats. We have the very beautiful River Severn, the much-accredited Staffordshire & Worcestershire Canal - and **SEALINE**, once based in Kidderminster, and used to be one of the biggest manufacturers in Europe of ocean-going motorboats.

So, that's why there is a boat as a planter!

17th August

Delegates from HUSUM visited the station to see what had been created to mark the friendship between the two towns. They loved it!
2025 marks the 70th anniversary of the alliance.
