

Kidderminster Museum of Carpet

When volunteer Sue Cutler first began investigating how to tackle this project, the frontage of the ***Museum of Carpet*** displayed beautiful images of carpet designs through the decades. Following several meetings and changes of personnel at the museum over two years, Sue finally obtained agreement that they would donate *free of charge* to the project, the eleven extremely colourful images.

To be displayed on Platform 1, along with a '**WELCOME TO KIDDERMINSTER'** sign informing visitors our town is '**FAMOUS for WOVEN CARPETS'**

One of the three vacant walls, to depict one of the most famous heritages of Kidderminster
