

First, we were allocated space by the Station Manager and ‘Sign Services’ installed it.

Second, we decided upon the layout, indicating what we were planning to do.

Current layout (above) indicates what we have now achieved and who has helped us.

Our notice board will be updated as and when new information comes to light about the many projects we have done and yet to tackle.

To all visitors, our u3a is quite clearly the Adopter of the Station and u3a contact information is displayed if anyone wishes to contact us And they have! One commuter sending us grateful thanks for making their journey more pleasurable!
