

WALL BY BIKE RACK

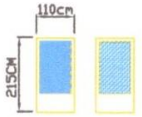

SHELTER WALL

BRIDGE WALL

FONT IS LUCINDA CONSOLE
DIMENSIONS ARE cm

CARPET PICTURE

Three sites were allotted for installation of the eleven displays

***Bike Rack wall,** which is to the left, just as you enter Platform 1 by the bin area

***Bridge Wall,** which is ON Platform 1 and, a super white canvas to show off the many colours and, where we will 'WELCOME' our visitors to Kidderminster

***Shelter Wall,** which is towards the end of Platform 1 and where we also hope to have flower planters, far right, at some point in 2025.

Both Sue and Mike Cutler measured the areas seen above, all portrayed in beautiful detail on a CAD drawing produced by Mike for our installers, ***Sign Services.*** Finally, Sue decided which carpet design would go where, to provide a blaze of colour.....the design stage was now complete. **Work was scheduled for 19th July 2024.**
