

This was the challenge

The boat now in dry dock
waiting patiently to be
given a new lease of life
and purpose at
Kidderminster Station

And these are the willing u3a
volunteers, spending 400+
hours, using all their existing
skills and knowledge to rise to
that challenge

Gilbert and John.....

**We salute you for what you
achieved!!**

The boat, hidden away in a
garage in the backwaters at
Hextons Farm, near the
village of Arley, ready for its
makeover to be a
magnificent and colourful
flower planter
